## Aquashadow® Black Pond Colorant

This product is a water soluble dye designed for use in lakes, ponds, decorative water features and other impounded bodies of water with limited outflow. This product beautifies murky, cloudy or off-colored water with a pleasing reflective dark tint.

- Tints water a pleasing dark color for a more natural look.
- Mirror-like appearance may provide cover for fish and predatory birds.
- For use in: Lakes, Ponds, water features & Fish hatcheries.
- Reduces visibility of submerged pond equipment.

### KEEP OUT OF REACH OF CHILDREN CAUTION

May cause eye or skin irritation.

Read precautionary statements and first aid on label.

FIRST AID	
IF IN EYES	Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops. Seek medical attention if irritation develops.
IF ON SKIN	Take off contaminated clothing and launder before reuse. Rinse skin immediately with plenty of water for 15 minutes. Seek medical attention if irritation develops.
IF SWALLOWED	Immediately drink water to dilute. Seek medical attention if symptoms develop. DO NOT induce vomiting unless told to do so by a physician. Never give anything by mouth to an unconscious person.
IF INHALED	Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. IN CASE OF EMERGENCY, CALL INFOTRAC at 1-800-535-5053.	

### PRECAUTIONARY STATEMENTS

CAUTION. Contains Red 40, Acid Blue 9 and Yellow Dyes. Concentrated product may cause eye or skin irritation. Do not get in eyes, on skin or on clothing. Wear safety glasses or goggles and rubber gloves when handling. Do not taste or swallow. Wash hands thoroughly with soap and water after use. Remove and wash contaminated clothing before reuse. Do not mix with any other chemical.

Concentrated product can stain fabric and other porous surfaces. Avoid direct contact with these materials.

---

## DIRECTIONS FOR USE

---

### LARGER WATER FEATURES:

Determine the water volume (acre-feet or cubic meters) as follows:

$$\frac{\text{length (ft)} \times \text{width (ft)} \times \text{average depth (ft)}}{43,560} = \text{acre feet}$$

or

$$\text{Length (m)} \times \text{Width (m)} \times \text{Average Depth (m)} = \text{Cubic Meters}$$

Note: One Acre-foot = 325,000 gallons = 1,234 m<sup>3</sup>.

Use from 0.25 to 0.50 gallons (0.95 to 1.9L) of this product per 4 acre-foot of water as determined in #1 above. Pour from the container near shoreline into water. Complete, even dispersion of this product should occur within hours after treatment, depending upon water movement. Add additional amounts of this product as needed to maintain desired coloration effect following dilution or water exchange.

### SMALLER WATER FEATURES:

Use 1 fluid ounces of this product for each 10,000 gallons of water. Measure and pour directly into water feature. Complete, even dispersion of this product should occur within hours after treatment, depending upon water movement. Add additional amounts of this product as needed, to maintain desired coloration effect following dilution or water exchange.

### WATER USE RESTRICTIONS

Allow several hours for this product to disperse before swimming, irrigation, or fishing. Do not apply this product directly to drinking water sources.

When used at the recommended dosage rate, treated water will not stain exposed surfaces.

When used at the recommended dosage rate, treated water will not harm fish, waterfowl, pets, or wildlife.

Chlorinated water will cause fading, requiring higher dosages or more frequent treatments.

### STORAGE AND DISPOSAL

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep from freezing. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations. In case of spill, contain spillage, soak up with appropriate absorbent material and dispose of according to local regulations. Then flush area with water, avoid runoff into storm sewers.

Warranty Disclaimer: SePRO Corporation warrants that this product conforms to the chemical description on the product label. Testing and research have also determined that this product is reasonably fit for the uses described on the product label. To the extent consistent with applicable law, SePRO Corporation makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty and any such warranties are expressly disclaimed.

Misuse: Federal law prohibits the use of this product in a manner inconsistent with its label directions. To the extent consistent with applicable law, the buyer assumes responsibility for any adverse

consequences if this product is not used according to its label directions. In no case shall SePRO Corporation be liable for any losses or damages resulting from the use, handling or application of this product in a manner inconsistent with its label.

**DIRECTIONS FOR USE:**

---

**LARGER WATER FEATURES:**

Determine the water volume (acre-feet or cubic meters) as follows:

$$\frac{\text{length (ft)} \times \text{width (ft)} \times \text{average depth (ft)}}{43,560} = \text{acre feet}$$

or

$$\text{Length (m)} \times \text{Width (m)} \times \text{Average Depth (m)} = \text{Cubic Meters}$$

Note: One Acre-foot = 325,000 gallons = 1,234 m<sup>3</sup>.

Using the volume needed from Step 1, review the chart for the required amount of product for application.

Volume Treatment Area	Product Dosage
10,000 gallons	1.0 ounces
1/16 Acre, 4ft deep or 81,000 gallons	8.0 ounces
1/4 Acre, 4 ft. deep or 326,000 gallons	32 ounces

Measure or pour from the container near shoreline into water or into smaller waterfeature. Complete, even dispersion of this product should occur within hours after application depending upon water movement. Add additional amounts of this product as needed to maintain desired coloration effect following dilution or water exchange.

**STORAGE AND DISPOSAL:** Keep this product in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep from freezing. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations. In case of spill, use absorbant material to absorb spill and dispose of waste. Rinse area.
